Pastor's Corner

A Father's Day Message - At a General Assembly on February 4, 2015, Pope Francis shared the following, Catechesis on the Family. He began stating that "Every family needs a father:

- The first need is this: that a father be present in a family. That he be close to his wife, sharing everything—joy and sorrow, hope and hardship. And that he be close to his children as they grow—when they play and when they strive, when they are carefree and when they are distressed, when they are talkative and when they are silent, when they are daring and when they are afraid, when they take a wrong step, and when they find their path again: a father who is always present.
- To say "present" is not to say "controlling." Fathers who are too controlling stifle the spirit of their children; they don't let them develop. The Gospel speaks to us about the exemplarity of the Father who is in Heaven who alone, Jesus says, can be truly called, "the good Father" (cf. Mk10:18). Everyone knows that extraordinary parable of the Prodigal Son, or better yet, the Merciful Father (Luke 15:11-32). What dignity and what tenderness there is in the expectation of that father who stands at the door of the house waiting for his son to return!
- Fathers must be patient. Often there is nothing else to do but wait; pray, and wait with patience, gentleness, magnanimity, and mercy.
- A good father knows how to wait, and he knows how to forgive from the depths of his heart.
- Certainly, he also knows how to correct with firmness: he is not a weak father, submissive and sentimental. The father who knows how to correct without humiliating is the one who knows how to protect without sparing himself... [All of this is, of course, not easy, so Fathers need God.] Without the grace that comes from the Father who is in Heaven, fathers lose courage and give up.
- Children need to find a father waiting for them when they come home after failing. They will do everything not to admit it, not to show it, but they need it. And not to find it opens wounds in them that are difficult to heal."

Spiritual author and teacher Fr. Ron Rolheiser shared that, should we find ourselves growing up without a father, he taught the spiritual practice of St. Francis which is that "it is in giving that we receive." So if we don't have a father figure in our lives, we can receive that blessing by being a father to others. In giving what we have not received, paradoxically we will receive the blessing of what we give to others. To all our fathers, to all who've been like a father to us, to our Spiritual Fathers including Pope Francis, we give thanks to God for their presence in our lives. And we thank God for the privilege of being, like Him, a father to others.

GREAT TIPS *by* POPE FRANCIS *to be a* GOOD DAD

1

A father does not want his children to be just like him, but to be wise and free.

2

He has to have Severity and firmness before complicity and protection. Better to be misunderstood than too soft.

3

A father is present. He is close to his wife and children.

4

A present father is not a controlling one.

5

A good father is a patient father.

6

He knows how to forgive and he does not humiliate, but is not weak or indulgent.

7

He lives by the Holy Father in his paternity. He lifts his children from failure.

St. Anne Will Remain **Closed** Masses will be Livestreamed

When Mayor London Breed informed us that Houses of Worship will be allowed to reopen on Monday, June 15, we thought we would be following the State's guidelines. However, the San Francisco Health Department issued its own order on June 15. According to Dr. Tomas Aragon, Health Officer for SF and an Infection Disease Doctor who is a native of SF, having attended St. James elementary and Riordan HS, the City's Phase 2 guidelines are more cautious than other Counties. He explained that the Reproduction (R) rate is the number to keep and eye on. If the R is 1, then one person can infect another person. However, if the R is 5, then 1 person can infect 5 others. He said currently, San Francisco has a R of about 1 and they're trying to keep it low. Ideally, if the R number is a negative number, then the overall infection rate would be less than 1 individual per infected person. He adds that once infection increases, he can't undo the infection. But by being cautious, he can slowly open up the City and business activities while trying to maintain the R close to 1.

Currently, SF Health Order for the number of people allowed to remain in indoor activities like restaurants and Houses of Worship is still zero. No one is allowed to gather inside yet. However, they do allow up to 12 people to gather outside. Which means that we cannot open up our Churches for masses with the public just yet.. We are allowed to gather with a small group indoors to hold livestream masses and to hold outdoor masses for up to 12 people. Because of this, **St. Anne will not be open for public masses until we hear otherwise. We will continue livestreaming masses at our regular time, Mon-Sat at 8:45am; Sundays at 5pm Vigil, 10am & 12pm (Chinese).**

Thank you for your patience and understanding. We continue to pray for a containment of and a cure for this disease. And may all who've been infected recover fully, may those who have died find eternal peace with our Heavenly Father and may all who lost of loved one, find comfort from our Loving God. Good St. Anne, pray for us!!!

- Fr. Dan
